RESEARCH ALERTS 

Big Data in Health and Biomedical Research – Call for Joint Projects

January 18, 2017 • Reply to [Drew Gyorke](#)

This Alert is being re-broadcast due to a technical issue in the first Alert that has now been corrected.

Tel Aviv University (TAU) - University of Toronto Joint Research Projects support and promote projects carried out collaboratively by TAU and UofT through identified fields of interest. The field of interest for this Call is **Big Data in Health and Biomedical Research**. Principal Investigators are invited to jointly submit proposals for the development of collaborative research projects and the exchange of researchers between TAU and UofT.

Eligibility:

- i) Projects must include research team participants from both Institutions.
- ii) Those eligible to submit proposals are researchers who are affiliated with TAU and UofT. In the case of UofT, applicants must have a faculty appointment with UofT. Collaborators from other institutions besides TAU and UofT are eligible to participate in projects but are not eligible for any financial support from TAU or UofT.

Duration: Maximum 24 months, beginning May 1, 2017.

Funding:

- i) Funding is intended to support research expenses, including but not limited

to costs related to funding exchange of researchers (students, post-doctoral fellows, research associates and/or PIs) between the institutions, and direct research costs (performing and analyzing experiments). Up to two (2) joint Projects will be selected.

ii) Maximum of \$25,000 Canadian dollars overall, and a maximum of \$12,500 Canadian dollars per year.

a) TAU will provide each approved project up to \$6,250 Canadian dollars per year to support TAU researchers.

b) UofT will provide each approved project up to \$6,250 Canadian dollars per year to support UofT researchers.

Proposal submission:

i) Submissions are to be made jointly by two PIs, one from UofT and one from TAU; each submitting the same proposal for a Project to their own Institution.

ii) Proposals must include an abstract, a brief (2-page) description of the project, detailed budget and CVs of the respective PIs. All proposals to be submitted in English.

iii) Proposals must be submitted by **March 9, 2017**. No proposal will be accepted after the deadline

iv) Submissions must be sent electronically by e-mail to:

For TAU applicants:

Sharon Paz, Office of the VP Research and Development

Email: sharonp4@tauex.tau.ac.il

For UofT applicants:

Shaun Young, Office of the Vice-President, Research & Innovation

Email: vp.research@utoronto.ca

For more information, please see more details in the document available
