## What's New in Research Funding

Page last updated June 10, 2015.

We are pleased to assist the research community in identifying potential sources of funding through the provision of information posted here:

- All Applicants submitting through the University of Toronto MUST have submitted their application information online via the [My Research Applications](#) (MRA) portal. This is an online submission process to obtain institutional approval on research applications. Please note that you will be required to upload a copy of the application to this online submission. Please complete this step as early as possible and at least several days ahead of the deadline to insure all approvals are obtained on time. Please visit the OVPRI's [MRA webpage](#) for complete information on this process.
- Please note, all grants requiring the Dean's signature should be brought to the Faculty of Medicine Research Office in the Medical Sciences Building, Room 2331 to the attention of Cindy Faber [cindy.faber@utoronto.ca](mailto:cindy.faber@utoronto.ca) or Andrea Leung [andreas.leung@utoronto.ca](mailto:andreas.leung@utoronto.ca).
- Also, our office offers a grant editing service for researchers submitting proposals to tri-council or any other funding agency. For more information, please contact Della Saunders [della.saunders@utoronto.ca](mailto:della.saunders@utoronto.ca).
- Recently received news and updates are posted below and sent via email to our list-serve. To join click [here](#).

# Foundation and Agency Funding Opportunities

This list provides an overview of upcoming international funding opportunities that may be new to many of our researchers. To search for **major** agency and foundation opportunities (e.g. NIH, ALS Association, Canadian Cancer Society), we encourage researchers to set up accounts in [Pivot](#) , which enables advanced searching, opportunity tracking, deadline reminders, and more.

**Internal registration is required** to apply for the opportunities listed below. Contact Sony Giwa, Senior Development Officer, Research Programs ([sony.giwa@utoronto.ca](mailto:sony.giwa@utoronto.ca), 416-946-3110), to register or request logistical or editorial support.

The following funding opportunities are sorted by application date and updated weekly (newly added opportunities are **bolded**). Opportunities with rolling deadlines are listed at the bottom of this page.

## Opportunities with Fixed Deadlines

(June 2015 to November 2015; use CTRL+F to search for keywords)

FOUNDATION	PROGRAM	FUNDING AMOUNT (MAX)	FUNDING DURATION	ELIGIBLE APPLICANTS	APPLICATION DEADLINE	FUNDING START
<a href="#">Children's Cardiomyopathy Foundation</a>	<i>Research Grants</i> fund basic science, clinical, populations/epidemiologic and translational research on cardiomyopathies affecting children aged 18 years and younger. This includes support for studies focused on the causes, diagnosis or treatment of dilated, hypertrophic, restrictive, arrhythmogenic right ventricular and left ventricular non-compaction cardiomyopathy.	\$50,000/year	1 year	Faculty	<b>June 12 2015</b> (LOI)	Jan 2016
	<i>Distinguished Innovator Awards</i> fund
