

March 23, 2017

This message is being sent on behalf of Trevor Young, Dean, Faculty of Medicine.

Please ensure the following is distributed to all MSB faculty, staff and students in your unit, as before.

1. We have now published [Frequently Asked Questions](#) that will help you better understand this situation and the steps we are taking to address it.
2. We also have [published a story](#) on our homepage today that outlines our continued efforts to test dust and air in the Medical Sciences Building.
3. We have created a [webpage](#) for key information on this issue.
