SSHRC Partnership Suite Information Session
Partnership Engage, Partnership Development & Partnership Grants

Friday, May 31, 10:30 a.m. - 12:00 p.m.
Governing Council Chamber, Simcoe Hall, 27 King’s College Circle.

Research Services will hold an information session about the SSHRC Partnership Engage Grants, Partnership Development Grants and Partnership Grants programs.

Professor Shelley Stagg-Peterson, a selection committee member, will discuss the adjudication process and the elements of a strong proposal. There will also be advice on proposal planning and development from members of the Research Services team.

**Partnership Engage Grants** provide short-term, timely support for partnered research activities that will inform decision-making at a single partner organization from the public, private or not-for-profit sector. These one-year projects are meant to respond to immediate needs/opportunities and time constraints facing organizations in non-academic sectors.

**Partnership Development Grants** provide support over one to three years to teams/partnerships, led by a project director, to:

- develop research and related activities in the social sciences and humanities, including knowledge mobilization and the meaningful involvement of students and new scholars, by fostering new partnerships for research and related activities involving existing and/or potential partners; or
design and test new partnership approaches for research and/or related activities that may result in best practices or models that either can be adapted by others or have the potential to be scaled up to a regional, national or international level.

**Partnership Grants** provide support for new and existing formal partnerships over four to seven years to advance research, research training and/or knowledge mobilization in the social sciences and humanities through mutual co-operation and sharing of intellectual leadership, as well as through resources as evidenced by cash and/or in-kind contributions.

- Partnership Grants are intended for large teams working in formal collaboration between postsecondary institutions and/or organizations of various types.
- They have a two-stage application process; proposals successful at Stage 1 will be invited to submit a Stage 2 full application.

**RSVP** by May 30th to [steven.hermans@utoronto.ca](mailto:steven.hermans@utoronto.ca)
