2020 NSERC Collaborative Research and Training Experience Information Session
January 22, 2020 • Reply to Jessica Keating

NSERC’s Collaborative Research and Training Experience (CREATE) program awards grants of up to $1.65M over 6 years for the development of innovative training programs that enhance collaboration and facilitate the transition of trainees to productive employees in the Canadian workforce.

Learn more about this program at our Information Session. Dr. Luis Seco, a former CREATE Committee member will give insights on the program and the application process. The session details are as follows:

Friday February 7th, 2020, 2:30pm – 4:00pm
McMurrich Building
12 Queen’s Park Cres. West
Room 107

Please RSVP by February 4th by sending an email to: Teresa Trimboli

For those who are unable to attend this session in person, we have set up a Skype for Business link so that you can participate in the session remotely.

The following is the hyperlink to join the Skype Meeting through the desktop application:

https://meet.lync.com/utoronto.ca/jessica.keating/HGMY298L
or via the Web:

https://meet.lync.com/utoronto.ca/jessica.keating/HGMY298L?sl=1

For Help:

http://go.microsoft.com/fwlink/?LinkId=389737

We encourage you to login to Skype for Business in advance of the session to ensure that you have access. If you are having difficulty please contact your local Technical/IT support group.

Internal deadlines:

**March 1, 2020:** Internal Deadline to notify Jessica Keating of interest to apply.

**March 12, 2020:** Internal Deadline for completed Letters of Intent (Quota based).

NSERC provides the University with a quota of the number of Letters of Intent that can be submitted. As a result, if we receive more LOIs than our quota (it was 6 last year), we will undertake an internal peer review process where each proposal will be assessed based on NSERC’s criteria for this program, with the highest scoring LOIs falling within our allowable quota being selected for submission.

**Sponsor Deadline: May 1, 2020**

Additional Information about the program and information session can be found on our Research Funding Opportunities page.
